

# *ST MATTHEW'S GRAPEVINE*

*PARISH OF ALBURY*

*DECEMBER 2013*

**Fr Peter writes :**

***Dear People of St Matthew's***

*Hark! the herald angels sing  
Glory to the newborn King;  
Peace on earth and mercy mild,  
God and sinners reconciled:  
Joyful all ye nations rise,  
Join the triumph of the skies,  
With the angelic host proclaim,  
Christ is born in Bethlehem:  
Hark! the herald angels sing  
Glory to the newborn King.*

*Words: Charles Wesley (1707-88), George Whitfield (1714-70),  
Martin Madan (1726-90) and William Hayman Cummings (1831-1915) Music: Mendelssohn, from a  
chorus by Felix Mendelssohn-Bartholdy (1809-47), adapted by William Hayman Cummings*

***Festive, Flat out and Fabulous***

***Too many cooks? Not when it comes to Christmas***

The carol we now know as "Hark! the herald angels sing", like the best Christmas puddings was a real team effort with at least four people stirring in various ingredients to bring it to its current form. Wesley's original, written as a Christmas Day hymn was first published in 1739, but helped along by one of Wesley's fellow students George Whitfield and the tune emerging a century later from a cantata to celebrate the invention of the printing press.

Christmas is a time for everyone, good news "for all", and we well can say "by all".

**The St Matthew's Crisis Care Christmas Appeal is stocking full of ideas to help people in need.**

Monster Car boot sale at Adamshurst, packing community Christmas hampers for people in need, carols, coffee and care for the Aged, are part of a Christmas package to be launched by Bishop John Parkes at our confirmation service on the feast of Christ the King. It is also stir up Sunday, traditionally a good day to make the Christmas pudding, and comes at a time when we have been considering our TTT Time Talent and Treasures and thinking how we can offer our best to pull together toward Christs mission locally and globally. **Christmas for everyone** is a theme of the month where everyone in Albury is invited to be part of someone else's Christmas. Schools and community members will have an opportunity to contribute to St Matthews Crisis Care Christmas where help for the homeless and those suffering isolation or mental health issues becomes part of everyone's Christmas message. At our confirmation service the choir of all ages with sing at the launch of the community appeal which calls for donations of essential and Christmas food items, money donations and sleeping bags for the homeless. Our Christmas Care Coffee Van set up at the front of St Matthews will fund food and emergency shelter for the homeless as part of our St Matthews Crisis Care Christmas Appeal. A number of Albury schools including Trinity Anglican College, Albury High, Scots and Victory have already been involved as well as Rotary, Masonic Lodge, local businesses, individuals and community organisations with the Christmas appeal and more help is needed to help St Matthews help the helpless.

Local businesses, individuals and community organisations are helping with the Christmas appeal and more help is needed to help St Matthews help the helpless.

There will be a Christmas tree set up before the St Matthews Carols service, where all community organisations can be represented and loved ones can be remembered. And St Matthew's living nativity will be present at St Matthews Carols and for the rest of the Christmas period.

Our special services reach out to people of all ages and all are very welcome. Please bring your neighbours or family or suggest it to a friend and you won't be disappointed. If someone is in need or needs to be visited then that might be your Christmas message to St Matthews and the result will be an answer to prayer for them. Christmas and Good news for all, and joyfully by all.

Fr Peter

### Sharing our Treasures

As the year draws to a close, we thought it timely to reflect on many of the things that happen at St Matthew's that benefit ourselves, the wider community, and add to the good fortune of those involved with St Matthew's. Firstly we would like to thank people for being involved in the Time, Talent and Treasure program, and committing to sharing in the ongoing ministry of our church for another year. As the saying goes, *there is no 'I' in team*, and it is as we continue to work together we can reach out to others in the wider community.

Here is a reflection on some of the ways that we have been helped, or helped others throughout 2013 :

- Fundraising for fire and flood relief
- Daniel Kuzeff (fundraising to build houses for families in The Phillipines)
- Head Space and support for families of suicide victims
- Music Foundation – has supported training and development of choir members, trebles, young people learning guitar and organ for the benefit of the whole church and community
- Music ministry – choir, organists, pianists, organ recitals, support at funerals, concerts
- Youth group 'sleep over' for the homeless – 80 bedding, toiletry and food packs put together for those in need
- Bible Society Hymnfest
- Relay for Life – concert and fundraising for cancer research
- Church Fete and markets to raise money for ongoing ministry of the Church
- Food and Christmas hampers - by the end of the year we will have given out over 500 food hampers, countless meals, blankets, pillows, toiletries, etc.
- Monster Garage Sale – fundraising for homeless and ongoing ministry of the church
- Involvement with 'Albury's Own' and establishment of the 'Armed Services' Chapel
- Establishment of St Matthew's Albury Crisis Centre

These events take many hours of hard work and organization and we would like to thank each and every person involved for your assistance.

We would also like to acknowledge and thank St Matthew's Ministry Team and Pastoral Care Team who spend many hours each week ministering to those who are sick, house-bound, grieving, in hospital, with mental health issues, or needing any sort of support. Whether in time or money, the way people give at St Matthew's makes Albury/Wodonga a better place, and we particularly thank Fr Peter and Fr Alan for leading us, continually looking for ways to reach out to others, and reminding us to 'not just talk about it, but DO IT!' We look forward to continuing to work together and sharing God's love for the world in 2014.

*Cathy Carden* and the Finance Committee

## Children's Church in November

Baptism was the subject of November Children's Church. A life-like baby doll took centre stage, wearing a 100year old gown and bonnet. The theme was 'Sharing God's Promises', where promises are made on behalf of an infant at baptism. The children were asked to choose a name for the 'baby', 'Mary Sarah' was chosen. Member of the congregation took the part of parents, Godparents, and the 'baby' was baptised by Rev. Maureen. The children were shown some objects which were 'symbols' we all understand, e.g. a cross, a rainbow, and a Macca's takeaway bag, and the children were shown how the symbol of water being central to all life ,as well as the oil, and candle at baptism are all symbols.

The action songs were all enjoyed, and 2 of the older girls assisted with the preparation for communion. As is the custom now, all the congregation received the elements in front of the children's altar.

One of the young children had a lovely little book about Jesus with moveable pictures, Father Peter shared with the congregation. Our procession was headed by Grace Horner then drinks and flapjacks at the front of the church in perfect spring weather.

We are arranging an Aged Care Christmas Service for residents of the Aged Care Facilities where we conduct services during the year and want to include as many people living in the community as well. This will be a shorter service, suitable for those unable to sit for too long.

If you know of anyone who, through lack of mobility, frailty or difficulty with transport is unable to attend church regularly, would you please consider inviting them, bringing them and supporting them on the day, alternatively would you let Deb know in the office and we will try and arrange to get them there.

**The date is Wednesday, 18<sup>th</sup> December at 10.30 at St. Matthew's Church, and morning tea will be served following the service.**

## **YOUTH REPORT     Youth rules Ok ? ...with a bit of Help**

Malala Yousafzai the young Pakistani girl who was shot by the Taliban said "One Child, One Teacher, One Pen and One Book can change the world" , it makes you think of the opportunities and fortune that a good educational background can give you. But unlike Australia, the educational systems around the world do not provide the same opportunities or fortunes that we might expect. It seems a good time to take up the challenge, and jump in the deep end, and actually trying to do something about it myself .

I was given such an opportunity by my university through my current degree to apply the skills that I have learnt practically to make a change . I will be going back to India for a month in January with 40 other Australian students as part of a Social Impact project organized by an Australian organization called 40K Group. In India, I will be staying with 7 of those 40 students in a tiny village called Dodda Gubbi (while the other students would be located in villages around us) just outside the 'IT hub of the world' Bangalore, as we figure out ways in which we could help those communities.

### **Community development!!**

It is quite ironic that just a few minutes drive from the globalised city of Bangalore and its 'IT' glory, that we have a village that has been subjected to neglect on part of the government and in part by the wider world community. This project trialling in Bangalore could be applied to projects anywhere in the world including communities within Australia with just slight modifications to suit local aspects.

**Snapshot of the action**     The students come from across Australian Universities who are willing to get their hands dirty (as the 40K website describes), Our objective is to create a (Social) Business, one which derives profit which is trickled down to the community directly, without administrative hassle because we handover the project to them once its complete. This Business could be doing anything legal but must be profitable to sustain our next objective, 40K Plus pods. These pods are unique tools that use tablets designed to **engage local children to gain Numeracy and English skills**, each Australian student participating in the program also has to deliver a unique teaching module to the kids studying at the pod to help them better their skills. The kids who come to these pods are some of the **most underprivileged children in the world**, their parents work in the local quarry mines (that supports Bangalore's booming infrastructure) and are paid under \$2 a day. Imagine supporting yourself and your child's education on that minimal income.??? This program ensures that they don't miss out on opportunities because they can't speak English. From personal experience! know **without education there would be no escape from the circle of poverty. The most dangerous question "—with an opportunity and I pad what would Jesus do ?"**

Education in India is quite prohibitive to some and only comes down to either merit (scholarships) or money, Unlike Australia where ordinary students can HECS their fees, the Indian system has no such benefits in place and the students have to either pay upfront or not study at all!!!!, no matter how much you desire to do so. 40K plus pods are currently being subsidised by donations (I would like to call these 'a helping hand') and funding from governmental grants but the aim is to provide **self funded programs** and cash flows that can be related to future expansions. The Australia-India helping hand arrangement especially for Anglicans has a historical connection. **Many forget that Australia was part of the diocese of Calcutta.** This project is great for young Christian students like me because it ensures that we could also have greater economic and mission co-operation between the two countries towards the future.

**Helping others to help themselves!!! We need your help NOW** , can you make it part of your personal or congregation mission to support the foundation and its objectives. The project itself will be active in the coming few months, however there will be need for start-up money and also to support the communities in their times of hardship. **Every dollar in India goes a long way**, and each dollar you give is **deductible from the taxman**. A \$1000 will support a school teacher for a year and \$20 for the books and other supplies for the kids. We are essentially a rural diocese and together we can change the lives of poor rural children in India to give them a totally different future. It could be a new year's resolution but what's really needed is not yet another a strategic plan for the filling cabinet, but **like the best Anglican Pizza- Faith base and an Action Topping** think about it, pray about it, and let's do it together.

If you want to know more about 40K here is the website <http://40k.com.au/about/> You can contact

## **H U M O R.....**

In a small Southern town there was a "Nativity Scene" that showed great skill and talent had gone into creating it. One small feature bothered me. The three wise men were wearing firemen's helmets. Totally unable to come up with a reason or explanation, I left.

At a "Quick Stop" on the edge of town, I asked the lady behind the counter about the helmets. She exploded into a rage, yelling at me, "You Yankees never do read the Bible!" I assured her that I did, but simply couldn't recall anything about firemen in the Bible.

She jerked her Bible from behind the counter and ruffled through some pages, and finally jabbed her finger at a passage. Sticking it in my face she said, "See, it says right here, **'The three wise men came from afar.'**"

---

**What would have happened if it had been three wise women instead of three wise men?**

1. They would have asked directions...
  - 2 They would have arrived on time....
  - 3 helped deliver the baby....
  - 4 cleaned the stable...
  - 5 brought practical gifts...
  - 6 ..... and made a casserole !
